

CMAS Forum Attendees,

Thank you for your continued patience as we worked to finalize the follow-up materials from the CMAS Forum. We know that you are looking forward to reviewing the Forum Report. We are currently moving the Report through the final review and approval process (which has taken longer than anticipated); however, we hope to have the Report to you by mid-October.

In the meantime, we are happy to announce that the CMAS Forum web site is now live! The web site can be found at the following address: [www.cmasforum.com](http://www.cmasforum.com), and follow-up materials contained on the website include the following:

- Forum Presentation Materials
- Forum Attendee List and Contact Information
- CMAS Fact Sheet
- Action Team Information

As mentioned, the only document we have not yet uploaded to the web site is the CMAS Forum Report. We will send you an email update once the Report has been uploaded to the web site.

Additionally, we are still preparing for the roll-out of the first set of Action Teams in the very near future. You will notice on the web site that there is a section dedicated to these Action Teams which we will keep continually updated with upcoming information and events. We will also be reaching out to individuals who signed up for those Action Teams via email.

Please don't hesitate to let us know if you have any questions or concerns and thank you again for your continued interest, effort and engagement.

Regards,

**Lindsey Gualdoni**
