Webinar on Spoofing and Robocalls Focused on Hawai'i Consumers

- On October 28, 2021 in partnership with the Hawai'i Attorney General, the Federal Communications Commission hosted a virtual public webinar on spoofing and robocalls.
- The event followed up on a recent spoofing alert issued by the Hawai'i Attorney General's Office. It featured state government officials and other Hawai'i-based partners. It also provided tips consumers can use to protect themselves from scams.

- For more information on how to schedule a similar event in your state email outreach@fcc.gov.

Family Online Safety Institute

- **On November 15, from 8:00 a.m. to 6:00 p.m. the Family Online Safety Institute (FOSI) will host its annual conference. This year's conference is titled Recovery & Renewal: Creating a Path To a New Normal**
- **The Annual Conference will include panel discussions on international tech policy, privacy, virtual learning, the digital divide and the effects of technology on mental health and wellbeing.**
- **The agenda will include reflection on the societal impacts of several years living with COVID-19, and how best practices can be cultivated in the online safety community to continue prioritizing how to make the digital world a safer place.**
