Re: WP Docket No. 07-100

Dear Ms. Dortch:

On December 10, 2021, the Land Mobile Communications Council (LMCC) submitted a Motion for Extension of Time in the 4.9 GHz proceeding. LMCC requested that the deadline for reply comments be extended by 30 days from December 28, 2021 until January 27, 2022. In support of the extension, LMCC noted both the complexity of issues in the proceeding and the untimely original reply comment deadline that falls during a holiday week for many between Christmas and New Year's. The National Public Safety Telecommunications Council (NPSTC) supports the 30 day extension request of the LMCC.

Respectfully submitted,

Ralph A. Haller, Chair
National Public Safety Telecommunications Council
